Areas covered by this Service

We service the shires of Wodonga, Towong and Indigo, and the Kiewa Valley. Podiatry is offered at several clinics in the area. Other Allied Health services can see you in your home, at a time that is convenient for you.

What if I prefer to use a language other than English?

That’s fine. We can organise an interpreter service at no cost to you. The information in this brochure is available in other formats and languages.

Have Your Say

We welcome your comments and suggestions. Your feedback helps us to improve our service. If you have concerns about any aspect of your care please let us know. You may wish to discuss your concerns with a team member or ask to speak with RAHT Program Coordinator.

Rural Allied Health Team
73 - 75 Vermont St
Wodonga VIC 3689

Phone: (02) 6051 7400
Fax: (02) 6051 7430
Internet: www.awh.org.au
The Rural Allied Health Team (RAHT) provides a range of home and clinic based professional services. We assist older people and those with disabilities to continue living at home, whilst still enjoying fulfilling and independent lives.

We will support and work with clients, carers and community service providers. The service will be designed to meet individual needs.

Referrals to the Team are welcome from any source. Telephone: (02) 6051 7400

Is there a cost?

A small charge may apply. You will still receive a service if you are eligible and unable to pay.

A **Physiotherapist** will assess your mobility and strength. They will develop a treatment program to address problems such as poor coordination and balance, pain and difficulties with movement. Often, a home exercise program is prescribed.

An **Occupational Therapist** will work with you to make you safe and independent during your usual daily activities. This may involve assessment for home modifications.

A **Speech Pathologist** can assist you if you experience communication and/or swallowing difficulties.

Our **Podiatrist** can provide assessment and treatment of foot problems. This includes advice regarding diabetic foot care and footwear information.

Our **Continence Nurse Advisor** will provide advice to help you manage bladder and/or bowel problems.

A **Dietitian** can support you to make food choices which meet your needs. This may include help with problems such as poor appetite and unwanted weight loss.

This service is supported by funding from the Australian and Victorian Governments under the HACC program.

Albury Wodonga Health requires a non-smoking working environment for staff.
